## Why to learn Badminton?

It is great aerobic exercises for kids. There is much less weight of the racquet and less impact to kids shoulder, wrists than any other racquet sports.

It is a comparatively easier learning racquet sports. It will help kids to establish their self-esteem and self confidence!

It allows the kids to have enjoyable experience early on in the learning process and having fun!

The training format works by getting kids into the game immediately. With in the first hour of stepping onto the court, they are actually playing the game!

It is crucial to establish a good foundation and good habits on the road to becoming a top notch player.

It helps kids to develop their fundamentals and advance skills in badminton from one technique to another.
